

Arizona Commission on the Arts and Arizona Department of Education Workshops for Educators and Teaching Artists

Arts Education Workshop & Arts Learning Grants Info Session

presented by Lynn Tuttle, Arizona Department of Education and
Alex Nelson, Arizona Commission on the Arts

Standards and arts learning – what’s going on nationally with the revision of the national arts standards? How do you approach the connections between arts learning and the Common Core? And how are you building your assessment case to show student learning in your classroom as part of the new teacher evaluation system? Join the AZ Department of Education to learn and share valuable standards, assessment and evaluation resources.

The workshop will conclude with a short information session about available arts learning funding opportunities from the AZ Arts Commission, including the new fall deadline for Arts Learning Grants, which support schools and community/social service organizations in the development and delivery of arts-based learning projects.

Who should attend? Arts educators (music, dance, theatre and visual arts teachers), general classroom educators, education-based teaching artists, education staff at arts organizations and governmental entities.
