

ARIZONA POETRY OUT LOUD

Services

Poetry Out Loud coordinators offer personalized assistance to participating teachers and schools in Northern, Central, and Southern Arizona regions.

Technology

Arizona programming now has eight "camera kits" for loan to participating schools so that students can record a high-quality video of themselves reciting their poem! Camera kits include a camera, lighting materials, chargers, mic, and mic stand. Loans will be offered starting January 2023. To learn more, contact your regional coordinator.

Free Classroom Materials

For the 2023-2024 Poetry Out Loud season, teachers and educators who register and actively participate in the program will receive a set of poetry books curated by the Poetry Center's Senior Library Specialist. Books will be mailed to your school site in February upon completion of school-wide competitions.

Coaching

Experienced teaching artists provide specialized coaching by helping students understand their poems and refine their performances. Coaches offer the following approaches:

1. Individual, one-on-one coaching
2. Small group workshops
3. Classroom workshops
